DEVELOPING LEADERS
DELIVERING SOCIAL IMPACT

Would you like your senior managers to develop their leadership skills while creating meaningful impact in local schools and communities?

At Inspiration for All, we connect business leaders and school leaders in peer-mentoring partnerships that develop adaptive, purpose-driven leadership — while delivering visible social impact.

Over nine monthly sessions, your leaders will explore real-world challenges such as staff retention, strategic planning, and wellbeing — building stronger, more empathetic leaders.

HOW WILL YOUR LEADERS BENEFIT?

- Develop high-performing, future-ready leaders – enhance resilience, empathy, and strategic thinking.
- Strengthen culture, purpose & reputation – deliver on your CSR, DEI, and L&D goals through meaningful community engagement.
- Gain insight into the future talent pipeline – build relationships with schools shaping tomorrow's diverse workforce.

KPMG

REAL PARTNERSHIP. REAL IMPACT.

KPMG × MONTGOMERY PRIMARY SCHOOL: A 9-MONTH RECIPROCAL LEADERSHIP JOURNEY

Fozia Nisa, Head Teacher, partnered with Susan Fox, Director at KPMG, to share insights on adaptive leadership and stakeholder engagement.

Through mentoring meetings at each other's workplaces, they developed new approaches to engaging partners, reflection, and adaptive leadership. Their shared learning strengthened the school's leadership team, improved outcomes for 500+ students, and deepened KPMG's community engagement.

"It's not just the support — it's the ripple effect throughout the school and community."

Fozia Nisa, Head Teacher, Montgomery Primary School

"You're diverse in opinions, experiences, where you come from... Fozia's personal challenges were similar but not exactly the same as mine."

Susan Fox, Director, KPMG
